

Welcome to BothPlusMore.

There are two major categories of interest, here:

- [manuscript](#) , where the content is; and
- [admin](#) , where DI is keeping track of wiki issues and questions.

This book project was started in Maplewood, NJ in 2005. It was put into hiatus in 2006, as DI turned to doctoral studies research. In 2018, the thinking was restarted.
